

Silence AI Cookie Policy

Effective Date: 22.09.2025

1. About This Cookie Policy

1.1 Introduction

This Cookie Policy explains how Silence AI LLC ("Silence AI," "we," "us," or "our") uses cookies and similar technologies on our website and platform at silenceai.net and related services.

1.2 What Are Cookies

Cookies are small text files that are stored on your device (computer, tablet, or mobile) when you visit a website. They help websites remember information about your visit, which can make it easier to visit the site again and make the site more useful to you.

2. Types of Cookies We Use

2.1 Technical Cookies (Essential)

We use technical cookies that are strictly necessary for the operation of our platform and services. These cookies:

- **Session Management:** Maintain your login session and authentication state
- **Security:** Protect against unauthorized access and maintain platform security
- **Functionality:** Enable core platform features and user interface functionality
- **Load Balancing:** Distribute traffic across our servers for optimal performance
- **Platform Stability:** Ensure proper functioning of our cybersecurity tools and services

2.2 Cookie Categories

All cookies used by Silence AI fall under the "Strictly Necessary" category. These cookies are essential for:

- User authentication and account access
- Maintaining user sessions across our platform
- Ensuring security of Global Shield, Email Protector, and Security Tester components
- Preserving user preferences and configuration settings
- Platform functionality and service delivery

3. What We Don't Use

3.1 No Marketing or Tracking Cookies

We do not use:

- Marketing or advertising cookies
- Social media tracking cookies
- Third-party analytics cookies (beyond what is strictly necessary)
- Cross-site tracking technologies
- Behavioral profiling cookies
- Non-essential third-party cookies

3.2 No Cookie-Based Data Sharing

We do not:

- Share cookie data with third parties for marketing purposes
- Use cookies for advertising targeting
- Create detailed user profiles for commercial exploitation
- Participate in cookie-based data trading or selling

4. How We Use Technical Cookies

4.1 Session Management

- Authenticate users accessing our platform
- Maintain login state across different pages and services
- Prevent unauthorized access to user accounts
- Enable seamless navigation between Global Shield, Email Protector, and Security Tester

4.2 Security Functions

- Implement security measures to protect user accounts
- Detect and prevent fraudulent access attempts
- Maintain secure connections during vulnerability testing
- Protect against cross-site request forgery (CSRF) attacks

4.3 Platform Functionality

- Remember user preferences and settings
- Maintain configuration for cybersecurity tools
- Store temporary data necessary for service delivery
- Enable proper functioning of browser extensions (Security Tester component)

5. Cookie Duration and Storage

5.1 Session Cookies

Most of our cookies are session cookies that:

- Expire when you close your browser
- Are automatically deleted after session termination
- Do not persist on your device long-term

5.2 Persistent Cookies

Some technical cookies may persist for:

- Authentication purposes (typically 30 days maximum)
- User preference storage (until manually cleared)
- Security settings maintenance (as configured by user)

6. Managing Your Cookie Preferences

6.1 Browser Controls

You can control cookies through your browser settings:

Chrome: Settings > Privacy and Security > Cookies and other site data

Firefox: Options > Privacy & Security > Cookies and Site Data

Safari: Preferences > Privacy > Manage Website Data

Edge: Settings > Cookies and site permissions > Cookies and site data

6.2 Impact of Disabling Technical Cookies

Important Notice: Since we only use technical cookies essential for platform operation, disabling these cookies will:

- Prevent you from logging into our platform
- Disable access to Global Shield, Email Protector, and Security Tester
- Impair security features and vulnerability testing capabilities
- Make our services non-functional

7. Third-Party Services

7.1 Limited Third-Party Cookie Usage

While we minimize third-party services, some essential integrations may set their own cookies:

- Payment processors (for billing functionality)
- Cloud infrastructure providers (for service delivery)
- Essential security services

7.2 Third-Party Cookie Control

Any third-party cookies are limited to:

- Technical functionality required for our services
- Payment processing and billing operations
- Essential security and infrastructure needs

We do not permit third parties to set non-essential tracking or marketing cookies through our platform.

8. Updates to This Cookie Policy

8.1 Policy Changes

We may update this Cookie Policy to:

- Reflect changes in our cookie usage
- Comply with updated legal requirements
- Improve transparency about our practices

8.2 Notification of Changes

Material changes will be communicated through:

- Email notifications to registered users
- Platform notifications
- Updated posting date on this policy

9. Contact Information

For questions about our Cookie Policy or cookie practices, contact us at:

Silence AI LLC

Email: info@silenceai.net

Website: <https://silenceai.net>

Address: Media City Free Zone, Al Messaned, Sharjah, UAE

10. Relationship to Other Policies

This Cookie Policy supplements our:

- Privacy Policy (available at <https://silenceai.net/policies/privacy/>)
- Terms of Use (available at https://silenceai.net/policies/terms_of_use/)
- Terms of Service (available at https://silenceai.net/policies/terms_of_service/)

For comprehensive information about how we handle your personal data, please review all applicable policies.
